

Dear Rita and Gabor,

We would like to thank you and express our heartfelt appreciation for all your hard work in the recent sale of our home and the purchase of our new home. When you knocked on our door a few months ago, we were skeptical at first, due to our unsuccessful attempt to sell our home with another Realtor a few months earlier. But right away, we knew there was something different about you that made us feel at ease.

The process of purchasing and selling property can sometimes be extremely stressful, but that was not the case with you. You provided a level of comfort, perseverance, unbelievable level of patience, high level of professionalism and drive that made all the difference. The results speak for themselves; our house sold within 48 hours at our asking price, our closing date and no conditions.

On a personal note, I know that I can be very difficult to work with as I like to be very hands on. This was never a problem for you and every question was always answered. Every concern was always addressed. The importance of using technology, such as using a Blackberry, is also extremely important to me. The fact that you feel exactly the same way and utilized this technology was extremely beneficial. You provided us with real time updates and always took the time to respond to every question or concern at all times of the day and night.

Please do not hesitate to use us as a reference in the future. You are truly a real estate professional without equal. We are truly happy to have found, not only an amazing Realtor, but also a very good friend.

Sincerely,

Steve and Julie Hand

Danny & Rahat

Although this is a little late, we wanted to thank you for helping us find our first new house. We really appreciate the time you took to show us different neighbourhoods and numerous different styles of house. Now that we are settled in the house, we are still as happy with it as on day one, it really feels like home.

Thanks again for all your help
